County Tax Rate To Drop Half Cent

Increased Fees To Yield $90,000 After October 1st

SAN DIEGO (CNS)—A cut of one-half-a-cent in the county tax rate was predicted Monday before the County Board of Supervisors.

T. M. Heggland, chief administrative officer, told the supervisors that the tax rate for 1963-64 would probably be about $2.138 per $100 of assessed valuation, down about a half-cent from the $2.143 tax rate this year.

Heggland made the prediction after the supervisors accepted his plans for raising an additional $90,000 to $100,000 by increasing fees for building inspection, planning and license services.

The increased fee schedule was accepted nearly unanimously, except for opposition from the two supervisors representing unincorporated areas on two proposals affecting their districts most directly.

David W. Bird, who represents the East and South County, and Robert Cozens, North County, opposed a plan to eliminate the classification of "agricultural accessory buildings" in setting building inspection fees. Both supervisors also opposed the proposal to charge $75 for an application to the county to accept a roadway into the county road system.

Effective October 1 the supervisers established a plan check fee equal to one-half of the cost of the building permit fee for all construction valued over $1,000. (No fee is charged for this service at present).

Electrical and plumbing fees were revised to conform to fees established under the State Housing Law.

The annual license fee for junk, wrecking and automobile storage yards was increased from $25 to $100 to help offset the additional cost of policing such establishments.

A $75 fee was established for the processing of road openings and road vacations. (No fee is charged at present).

The dog license fee was increased from $2 to $3.

A $5 fee was established for performing autopsies on cats or dogs suspected of having rabies.

A $2 fee was established for processing of group picnic reservations where the group is 25 or more, with an additional $1 fee for groups reserving a dance area in county parks.

Planning service fees approved included increasing the zoning variance fee from $10 to $40 and the special use permit fee from $10 to $40, in addition to the zoning reclassification fee increase from $50 to $150.

Barbara Leonesio Killed in Crash Near San Onofre

Services were held Tuesday at Conrad's Lemon Grove Mortuary for Barbara Jean Leonesio, 18, daughter of Mr. and Mrs. Bruno Leonesio of 7602 Circle dr., Lemon Grove.

Miss Leonesio was burned to death when her Falcon auto burst into flames after it collided with one auto and was then struck by another near the San Onofre overpass on U.S. 101. The fatality occurred Saturday at 9:10 p.m. as Miss Leonesio was returning from Long Beach where she had been visiting friends.

Called Home

Although she had called her parents in Lemon Grove earlier in the evening to tell them that she would soon be home, she never learned that a communication awaited her informing her that she had won a coveted $1,000 scholarship at the College of the Seven Seas.

Hit From Rear

The California Highway Patrol reported that Miss Leonesio's southbound car apparently veered into the northbound lanes and collided with a car driven by a L.A. man. The man, and his wife who was with him, were hospitalized.

Miss Leonesio's car was hit in the rear by a West Covina man. The Falcon's gas tank was ruptured and it burst into flames. She was trapped in her car and burned beyond recognition. She was identified through a high school class ring and a watch she was wearing.

Excited About Job

Just a week ago before her death Miss Leonesio had obtained a position as bookkeeper with the Homer Hess Construction Co. of La Mesa and was "excited about earning her own money."

Top Student

She had graduated from Mt. Miguel high school in June where she was one of the top students.

At Mt. Miguel high school she had won a Bank of America vocational arts award scholarship. She was secretary to the class advisor, Mrs. Vanalee Field, and was also treasurer of the modern dance club.

She served on the class council in her second and third years and on the student council her first and third years. She was commissioner of concessions and served the girls league on the school service committee.

She had planned ultimately to become an airline hostess.

Miss Leonesio attended the L.G. Congregational and St. John of the Cross Catholic church.

Miss Leonesio was born in San Diego. She is survived by her parents her sister, Linda; a grandmother in Palm Springs and a grandfather in Riverside.

Radios, TV sets, a slide projector with record player, a drill and numerous TV tubes and transistors were reported stolen from Broadway Auto Radio and TV of Lemon Grove over the weekend.

Thieves entered the establishment by breaking the toilet window and then broke into the storage cabinet in the TV repair area. Approximately $1,300 in goods was stolen.

Ring Robbery

Forty-two rings worth $1,000 were reported stolen last week from Morrison-Adams Jewelers, 7919 Broadway, L.G. Earl L. Morrison of 3899 Harris said 12 of the rings were wedding bands without stones and 15 were engagement and wedding ring sets.

Too Much at One Time

Deputies W. Fusaro and R. Evans found a 15-year-old-boy Monday morning who allegedly had his shirt stuffed with 25 packages of chewing gum, 7 packages of candy and 44 packs of cigarettes.

The deputies said they found William Lee Dugan, 3443 Harris st., Lemon Grove, crouched behind the desk in the office of John Bobby 76 Station, 9950 Campo rd., Casa de Oro. They investigated the service station when they heard the station's bell ringing.

Dugan allegedly said he used a piece of 2x4 to break a window to enter the station, and admitted previous arrests for burglary and auto theft.

Arrow Remains

While she was away, unknown persons last week vandalized the the home of Mrs. Florence Ellen Yates at 9305 Vista dr., S.V.

Fruit was plucked from her plum tree and thrown to the ground, an arrow was shot into a stable wall and a BB pellet was shot through a front living room window. Also, numerous jars filled with water were smashed and tar paper siding was torn from a portion of the stable wall.

Two Brooms Missing

Two large brooms were reported missing from the Goodwill Store at 3688 Grove st., Lemon Grove, Friday morning. The brooms were taken from the janitor's closet, which was broken into.

Tools Taken

Tools valued at $65 were reported stolen from a Universal Electric Co. truck. Thieves had to scale a six-foot wooden fence to reach the truck, which was parked in back of the firm at 7614 Lemon ave., L.G. The tools belonged to Thomas E. Kunde, who drives the truck for the company.

Credit Cards — No Money

James L. Main told Sheriff's deputies he picked up a hitchhiker Sunday afternoon and later discovered his wallet missing from the glove compartment of his car.

Main said he stopped at his residence at 6515 MacArthur dr.,

BOOSTERS SUMMER PROGRAM DRAWING WELL AT MT. MIGUEL

Young people numbering more than 40 have been attending the summer sports program for junior high and senior high school boys and girls at Mt. Miguel gym.

The program, according to Mary Howard, a member of the Mt. Miguel Boosters, the sponsoring organization, is held each Tuesday and Thursday from 5 to 9 p.m.

Weight-lifting, wrestling, basketball, pingpong and handball under the direction of Mac Swinney and Gene Norman are the popular activities.

Big $ Boost Seen in Needy Children Law

People in government are excited about new Assembly Bill 59 that becomes effective in February, Robert Small, chief administrative analyst for the County Chief Administrators Office told the Men's Club Friday.

AB 59, he explained, will make families with one or more unemployed parents eligible for aid under the Aid to Needy Children (ANC) program. It will add approximately 1,200 Aid to Needy Children of Unemployed (ANCU) to the 13,000 cases being handled each month by the County of San Diego.

"With San Diego's unemployment rate at about 8 per cent, the added welfare load should be sizeable," Small said.

Without attesting to the veracity of the statement, he said that it had been suggesed by politically aware people that the Bill (AB 59) was instituted on instructions from the White House. It is expected that President Kennedy wants to come to California to campaign on the crest of the Bill next year, he said.

"How to cope with the growing welfare tax responsibility?"

"I simply don't know," he said.

Small is not connected with the Welfare office. He is employed by the Chief Administrators Office to co-ordinate state legislation for the county.

The Men's Club meets every Friday noon at Michael's.

SUPERVISORS COOL ON SALARY INCREASE BID

SAN DIEGO (CNS) — A proposal to increase the salaries of county clerical workers by two-and-a-half per cent was renewed Tuesday to the County Board of Supervisors, but received a cool reception.

The supervisors took the matter under advisement after hearing Dodge H. Dean, of the San Diego County Employee's Association, urge them to use the increase in assessed valuation to grant the raise. He estimated it would cost about $120,000 to grant the raise.

'Skool Daze' Promotion Planned Here

"Skool Daze" is the title of the promotion set for September 5, 6 and 7 by the Merchants Division of the L.G. Chamber of Commerce, according to Don Johns, division president.

"The promotion will be geared to the needs of families who are getting their youngsters ready for another year at school," he said.

As part of the promotion, local merchants will hire students of high school age to work in stores.

The Foothills Art Association will have a showing on the plaza in Lemon Grove with approximately 20 artists each displaying 5 or 10 pictures.

A Pet Parade will be held on the last day of the promotion. Prizes will be given for costumed pets bikes and wagons.

Details of the events will be announced, Johns said.

DAY CARE CENTER SET FOR MT. VERNON

SAN DIEGO (CNS)—A special permit for children's day care center at 8135 Mt. Vernon st., Lemon Grove, was approved Friday by the County Planning Commission.

Elaine Mooneyham requested the permit for a center that will handle a mximum of 20 children between the hours of 7 a.m. and 6 p.m. Monday through Friday.

Henry Gale, who lives next door at the southeast corner of Mt. Vernon and Di Foss sts, objected to the permit on the grounds that it would disturb the neighborhood.

Mrs. Monneyham agreed to dedicate 10 feet of additional right-of-way on Mt. Vernon and private parking for six cars in the rear of her house.

The permit is for a period of five years and will stand unless appealed to the County Board of Supervisors by Gale.

'The Keef' Will Be Sorely Missed

"The Keef" is dead and the world is a sadder place.

United States Senator Estes Kefauver of Tennessee died Saturday of a heart attack at the age of 60.

He, of the economy-sized nose, could easily have been Anybody's Uncle with his amiability overlaced with bumbling.

He took on the nation's vice lords in 1951 as chairman of the Senate Commission on Crime and embarrassed many lawbreakers by asking questions criminals ought not to be asked—if they are to maintain their status. The Keef's ham showed through as the nation's teevee cameras picked up his happy visage against the background of squirming criminals.

He began taking his investigatory ability so seriously that soon he was investigating manufacturers and retailers as chairman of the Anti-trust and Monopoly Senate Subcommittee. Many think he should have stuck to criminals.

In 1952, as he sought the Democratic nomination for the presidency, he made the Daniel Boone coonskin cap his symbol. There is hardly anyone who was a youngster 10 years ago that would have been caught without one of The Keef's ersatz coonskin rigs. It was a junior status symbol a decade ago.

The Keef, like Everybody's Favorite Uncle, just missed everlasting fame. We don't know quite what the missing ingredient was, but if being likeable and lovable ever paid off, it would have made The Keef one of history's great men.

The Day of the Trading Stamp And Discount House May Be Over

There is a growing belief that the gummy little stamps so dear to the heart of the little woman and so important to the cash register of the supermarket, are on their way out.

There is much that has been said for and against the sticky things, although we would be less than honest if we denied that the shopper pays for the stamps in increased cost relative to the value of the premiums she thinks she gets free. She also pays,

Three Coeds Vie for Miss College Prep

Diane Cavallin, Sherry Houseman and Dena Windsor will represent high schools of this area August 19 in the Miss College Prep Cohtest.

The beauty pageant is a prelude to the fifteenth annual Southern California College Prep Charity Game August 28 at Aztec Bowl, San Diego State College. The game is a regular football contest between All-San Diego and All-Los Angeles teams, each composed of 30 top gridiron players graduated from high schools in June, 1963.

Reign Over Game

The queen of the prep game, who will be announced Monday night when she is chosen in a pageant at the Naval Training Center, will reign over the charity game with her court.

Girls representing each high school in San Diego City and County will be competing in the pageant. They are all 1963 graduates and are between the ages of 17 and 18 years. Diane Cavallin, of Lemon Grove, is representing Helix high school in the Miss College Prep pageant. Miss Cavallin was a contestant in the Miss Lemon Grove contest this year.

Sherry Houseman of Spring Valley is representing Mount Miguel high in the beauty pageant, and Dena Windsor of La Mesa has been chosen from Monte Vista high.

To Avenge Loss

The prep grid rivals will meet each other on the Aztec field at 8:15 p.m. The San Diego team will be out to avenge the game it lost 20-6 last year to Los Angeles, and will try to tie the series score which L.A. now leads 4-3.

Training To Start

All-Star San Diego gridders, piloted by Art Preston, football coach at El Capitan high school, will begin training August 19 at the San Diego Marine Recruit Depot.

The Los Angeles team, being coached by Joe Kelly, will go through training paces at the San Diego Naval Training Center.

Dental Charity

Proceeds from the game will be donated to the Children's Dental Health Center in San Diego. Dr. Robert Swenson, a Lemon Grove dentist who practices at 3293 Olive, is overall ticket chairman for the game. Reserve seat tickets are $3 and general admission is $1.50.

Tickets on Sale

Tickets are on sale at Thearle Music Co. in San Diego, Walker Scotts in College Grove, and Coye Dunn's Sporting Goods in Lemon Grove.

Last year's game attracted a standing-room-only crowd, according to Bill Whitney, chairman of the event. The charity games have been played at Aztec Bowl since 1956, he said.

Incorporation Power Threat Feared Here

by Tom Gorton
News Editer

Lemon Grove and Spring Valley, since the beginning of their existences as unincorporated areas, have enjoyed almost complete freedom from neighboring city authorities.

The sister communities receive ordinances, police protection and public works, and are planned by San Diego County. Their peoples pay taxes to the County and the State.

Lemon Grove twice has tried to incorporate, but voters, afraid they might have to pay higher taxes or felt a city just wasn't needed, turned down the plan at the polls in 1955 and 1958.

Spring Valley proposed a plan to incorporate two years ago, but the proposal to incorporate was rejected before it reached the polls.

There has never been a truly urgent need in these two communities to incorporate, and voters, easily discouraged by anti-incorporation groups, felt no enthusiasm to become independent, self-sufficient entities.

Freedoms Cut

But the last session of the State Legislature sharply shortened the freedoms unincorporated areas have been enjoying. In fact, action in the Legislature actually may shorten the life of unincorporated areas. Unincorporated areas may not be unincorporated areas in the near future.

The threat of annexation and control over unincorporations by city authorities in California by recent legislation has moved over a dozen communities in the State to form incorporations since the end of June.

Bill Threatens

The threat, specifically, is Assembly Bill 1662 which goes into effect September 20. The bill, which was amended five times in the Assembly and Senate, establishes a five-man Local Agency Formation Commission in each of the State's 58 counties.

This oligarchical commission will have the authority to approve or disapprove, with or without amendment, proposals for the incorporation of cities and proposals for the creation of special districts.

Commission Feared

Pro-incorporation groups and persons fear this commission because it has the power to turn down any community wishing to incorporate, if a majority of the five members so vote.

The five-man commission also absorbed the powers of Assembly Bill 861 when AB 1662 was passed. Specifically, the commission adopted the powers to approve or disapprove annexations to a local agency, which includes cities but excludes school districts.

Members Selected

The future of unincorporated areas will rest in the hands of the Local Angency Formation Commission. It will be composed of two members representing the county, who will be appointed by the County Board of Supervisors. Another two members will be selected by a vote of all the mayors of cities in a county, and these two members will represent the cities in unincorporated areas.

No Qualifications Given

But the most crucial selection is that of the fifth member of the Formation Commission, who will be chosen by the first four members. AB 1662 makes no provisions as to the qualifications of this fifth member. He could represent either city or unincorporation interests.

Cities Back Bill

Proponents of incorporation fear this fifth man, and they fear the Commission because Assembly Bill 1662 was pushed in the Legislature by the California League of Cities and the State Supervisors Association, according to Frank Armstrong, chairman of the Lemon Grove Men's Club committee which intends to file a Notice of Intention To Incorporate with the County Board of Supervisors within one month.

Annexation Possible

Densely populated areas like Lemon Grove and Spring Valley could be annexed by San Diego, and residents here who fear additional taxes if the communities incorporate, would have to pay San Diego City taxes, in addition to Unified Port District taxes, Armstrong said.

The Port District, he explained, has no limitation on the property taxes it can assess, "A 6-class city like Lemon Grove, if it incorporates, would have a

Streeter King, your telephone manager in Lemon Grove.

Pictured above is Miss Candice Erickson, "Candy" to us at the Telephone Company.

Candy is about to type an order for new residence service in Lemon Grove. The machine in front of her is not an ordinary typewriter. This is a teletypewriter on which a regular paper copy of the order is produced in addition to a paper tape which is then transmitted to our service center over telephone lines. Several copies are then printed in the service center so that all the work can be completed as soon as possible. This is another method that Pacific Telephone uses to give you prompt service.

Candy has been with Pacific Telephone one year. She resides in La Mesa with her mother and father, Mr. and Mrs. Edward A. Erickson. We wanted you to meet Candy bcause we think she is typical of the people we like to have working for you — bright, personable, and likes to help others.

You'd be surprised how often people miss parts of a telephone conversation when the other party doesn't speak directly into the mouthpiece. It's a helpful point to remember whenever you make a call.

Old Dobbin's not the only one who knows about nosebags. Take a look in back of one of our service trucks and you may well see a nosebag, along with a beatin' iron. In plain talk, these are a canvas tool bag, and a hammer. We've nicknamed a lot of the equipment we use to serve you. BARFLIES? — No, not at all. The tender scene that might better be captioned "Father, dear father, come home with me now" is actually a come-on for the Citizens Committee to Aid the L.G. Chamber of Commerce latest money raising project. Tickets are being distributed for a contest to see who will win a half-gallon of liquor (displayed by Chamber Secretary Mary Burchett and Chamber Past President Bob Vaught), 12 one-pound steaks, and a $25 U.S. Savings Bond. The contest will be decided Sept. 3 at the Chamber's regular monthly meeting. Entry blanks may be obtained from nearly any chamber director or at this newspaper office. A $1 contribution is hoped for and the proceeds will be used to absorb the indebtedness of nearly $500 the chamber has incurred.

ultimately, for the cost of printing those green, blue, black and brown stamps and the books they go in.

It isn't that the federal lawmakers have their collective eye on stamp-saving as such. They are concerned with price discounting. Some manufacturers are not able to keep an established price because stamps build into the sale a discount of a sort.

In viewing quality stablization as a law, congressmen believe that a manufacturer must get for his merchandise, a price that allows for quality to be kept constant.

As consumers rebel against higher costs, whether costs are increased by stamps or other gimmicks, the retailer turns to the manufacturer and demands lower wholesale costs.

Some retailers, such as huge market chains, have become so financially potent that the manufacturer has to bow to his demands to stay in business.

Actually, Congress is eyeing all the forces that weaken quality stabilization. If legislation is passed it would probably not only kill trading stamps, which is a form of discount, but discount houses as well.

Based on the belief that such legislation would stabilize and save retail business, while aiding the economy by saving many jobs, chambers of commerce of several cities have endorsed the Quality Stabilization Bill by telling their congressmen that they favor it.

Among the chambers having already so endorsed it are those in Hawthorne, Calif.; Bethel, Conn.; Danbury, Conn.; Ridgewood, N. J.; Gary, Ind.; and Takoma, Wash.

Local chambers could serve their communities well by doing likewise.

Democracy Leaks Out The Treasury

"A Democracy cannot exist as a permanent form of government, it can only exist until the voters discover they can vote themselves largess out of the public treasury. From that moment on the majority always votes for the candidate promising the most benefits from the public treasury, with the result that Democracy always collapses over a loose fiscal policy; always to be followed by a Dictatorship and then Monarchy." Professor Alexander Fraser Tytler

Name Needed for Proposed Retarded Children's Home

The Lutheran Association for Retarded Children has invited Lemon Grove-Spring Valley residents to help name its new county facility for retarded children.

Admission to the home will be based on individual need, regardless of race, color or creed, according to Dean H. McCoy, LARC president.

A 10 to 15-acre site for the home is expected to be selected within the next 60 days, according to McCoy. Several sites in the Valley Center and Ramona areas have been inspected by the site selection team. Other areas are also under consideration.

When a site is acquired, an architect will be selected to draw up construction plans for the home. The LARC board of directors hopes to approve plans and authorize construction by the first of the year.

A committee has also been established to accept applications for the position of executive director of the home. Actual screening and interviewing of the applicants will be held during October and November.

Name suggestions for the LARC home should be sent to the Home Name Committee, 2593 Bartel st., San Diego 23.

Grove Boy Enlists In Engineer School

Robert A. Nagle of Lemon Grove recently enlisted in the Army's "Choice Guaranteed Before Enlistment" program, according to M. Sgt. Edward R. Edwards, La Mesa recruiter.

Incorporation And AB 1662

(Continued)

one dollar limitation on property taxes, unless voters approve a higher tax rate," he said.

Taxes Have Dropped

Paradoxically, people who fear incorporation because they think the formation of a city would raise taxes, will have to pay more if Lemon Grove and Spring Valley are annexed.

The greatest paradox, however, is the fact that in a majority of cities recently incorporated in California taxes have remained the same or actually dropped.

"Of some 140 communities in California which have incorporated in recent years, not one has ever been in financial difficulties, reports a public relations firm in Los Angeles.

Example Cited

Robert L. Wynn, city manager of Imperial Beach which incorporated in 1956, told this writer that taxes in Imperial Beach have dropped from $1.72 in 1956 to $1.35 in 1963.

Imperial Beach, Wynn said, incorporated after voters, fearing a financial venture, turned down the proposal three times. Imperial Beach became a city by a majority of 15 votes.

City progress was sluggish the first three years in Imperial Beach. "People should not expect too much in the first two years after incorporation," Wynn said. "The first few years is a formative period in which the city passes health and safety ordinances and works on basic organization."

Formation Period

Imperial Beach began its "basic organization" with a part-time city manager, attorney, clerk, and two policemen. The city had no revenue or equipment the first year. It operated on a budget of $70,000-$80,000 in 1957.

By July, 1958, Imperial Beach had acquired property and $150,- of public works equipment, Wynn reported.

Today, Imperial Beach, operating on a budget of $720,000, has 60 summer employes and 45 winter employes working in city operated recreation, fire, police, planning, building, and public works. The population there has increased from 8,500 in 1956 to 19,000 this year.

Where Money Comes From

Why taxes have remained stable or have decreased in newly incorporated cities is no mystery. Revenue comes from funds that do not normally accrue directly to unincorporated areas. These funds include a portion of the State's gasoline taxes to be used only for street construction and upkeep. The gas tax goes up one cent in October.

Money also comes from motor vehicle license fees, to be used for streets or police protection; liquor license fees; and the largest income of all, sales taxes, which Frank Armstrong said would total approximately $250,000 to $300,000 a year in Lemon Grove.

Sales Tax Divided

Under provisions of State law, the four percent sales tax collected on all retail sales is divided between the State, which takes three percent, and the "local government" unit, which gets one percent. For an unincorporated area, that local government is the county. When an area incorporates, the portion of sales tax collected within the city boundaries returns to the city.

Our View—What's Yours?

Incorporation, we believe, is not entirely a financial venture, judging from what has happened in other communities which have incorporated. We have attempted in this article to explain what will happen if Lemon Grove and Spring Valley incorporate or remain unincorporated. We are open to your opinions, pro and con.

LONE RANGER RETURNS — Country Deputy Sheriff Hal Johnston, who has been roaming Lemon Grove's streets for eleven years, returned to duty last week after four months of illness. Deputy Johnston is one of the few country deputies in existance in the county. Part of his income is from the County Sheriff's Department but the rest of it has to be gotten from the firms he protects as the nightly door rattler. Officer Johnston, who works alone, has apprehended ten burglars, frightened off a score of marauders, and discouraged hundreds of would-be burglars during his years of service here. He is shown being greeted by Chuck Buckles, a member of the L.G. Merchants Division of the Chamber of Commerce. Merchants Division members are prime users of Officer Johnston's services.

Citizen's Arrest

She said she went to 3445 Harris st. to get some furniture that belongs to her, and when she arrived a Mrs. Judith G. Morse, of that address, allegedly became verbally abusive and struck her. Mrs. Morse was arrested on a battery charge.

Civic Youth Orchestra Auditioning Musicians

Auditions for the Civic Youth Orchestra and Training Orchestra are being held through August 16, 9 a.m.-5 p.m., at Mount Miguel high school.

Concert Schedule

The orchestra schedule follows the school year and a concert is given at the end of each semester.

Besides its regular San Diego performances, the Civic Youth orchestra will play again this year at the University of Redlands, and at Grossmont Auditorium under the auspices of the Women's Committee of the Grossmont Community Concert Association.

Rehearsals Slated

Rehearsals are held at Mt. Miguel high school and are open to the public. Full orchestra rehearsals for the older orchestra are Saturday mornings from 10 a.m. to 12:30 p.m.

String sections rehearse Monday evenings from 7 to 9 p.m. The Training Orchestra rehearses Saturdays from 2 to 5 p.m.

Karen Moe, 16-year-old Helix High school senior, and daughter of Mr. and Mrs. Schurer Moe of La Mesa, is concertmistress of the older orchestra.

The Civic Youth Orchestra was founded in 1956 and its Training Orchestra was organized in 1961 to act as a feeder group into the older orchestra. Membership in either group is by audition only.

Instruments Available

Expenses for running the orchestra are met by a $15 semester tuition from each playing member. Also, five classes of supporting memberships are established.

Friends of the orchestras have loaned instruments which are available to players unable to acquire adequate instruments of their own.

Scholarships are given on a non-competitive basis in recognition of talent, need and proved commitment to the work of the orchestras.

Scholarship Fund

Amy Cook Robinson, for many years a San Diego City School music teacher, requested that scholarship fund be established for the orchestras after her death. She had been a contributing member of the organization since its inception and her two grandsons were members of the orchestra. The Amy Cook Robinson Memorial Scholarship Fund was established in February.

Board Gives Thanks

Crandall Condra, president of the corporation's board of directors, said the board's appreciation and approval of such a fund and hopes to see it develop into a continuing scholarship fund.

Last June, the Pro Musica section of the La Mesa Woman's Club gave $75 to the Robinson fund.

LETTERS TO THE EDITOR

BOOST THE BOOSTERS

Local publicity concerning the activities of a service group such as the Mount Miguel Booster's club is a very necessary part of the life and success of the club, as any membership chairman can testify.

Yet the very act of transcribing the work of the club drains the account of all the excitement, personalities, and enthusiasm generated in the meetings; the motivating spirit of the group for a project is lost in the report.

How does one convey the wry amusement of members who have agonizingly voted $25 to $50 of hard-earned funds for a membership drive, only to be told by someone that they have tried for two years to find out how to join the Booster's with no success?

How does the publicity chairman compress a five page report covering the club's activities for it's five year life into one inch of readable, newsworthy print?

Thank you, Mr. Editor, for publishing our news in the past; this publicity chairman will appreciate any assistance or instructions you can give on publicizing the time of our meetings (the first Monday of every month at the home of a member) and our membership chairman would like to have someone join. Chairman is Mr. Frank Hale, and his telephone number is 469-1889.

Qualifications are: ability to work for no pay (except satisfaction); a belief that a community as large as this can build and have recreational facilities for its young people without federal or state aid; and time for a cup of coffee once a month, at the regular business meeting.

Sincerely,
Mary B. Howard
Publicity Chairman,
Mount Miguel Booster's Club

Patti Bruce, Foothills, chopped .2 off the old PSA record for girls 11-12 in freestyle with 1:04.1 although she finished second in that event.

Terry Boone, swimming with the La Mesa Swim Assn., finished second in the boys 10 and under backstroke competition and set a PSA record of 38.3, .4 under the old mark.

A national record was equalled by Bonnie Adair, swimming in girls 10 and under for San Fernando Swim Association when she recorded 1:04.6.

Others swimming with area clubs who marked at Mission Plunge included:

Freestyle, girls, 8 and under, Janis Harter, Carman Ranch, third.

Freestyle, girls 11-12, Patti Bruce, Foothills, second.

Breaststroke, senior girls, Merry Akre, second, Barbara McCready, third, both Foothills.

Freestyle, senior women, Lynn Berube, third, Foothills.

Backstroke, senior women, Lynn Berube.

Backstroke, girls, 11-12, Patti Bruce, third, Foothills.

In team competition, Foothills was third in girls 11-12 freestyle relays, second in senior women freestyle relays, and second in senior women's medley relay.

Kids Invited To Bike Meet

All youths may have their bicycles inspected and gain some pointers on bicycle care and safety August 19.

The La Mesa Recreation-Park Department is offering the Special Bicycle Safety Program Monday at 10 a.m. on the La Mesa Elementary school playground, 8100 Orange ave.

The program, under the direction of Officer Jonas Pumphrey of the La Mesa Police Department, will feature a talk on rules governing cyclists. The Recreation Department urges all parents to have their children attend the bicycle program.

Hot Rod Show 'Biggest Yet'

The International Hot Rod Show is scheduled to open Friday evening, August 16 for a three-day run in Balboa Park's Electric Building.

The show will feature more than 70 cars displayed recently in the Los Angeles International Custom Car and Boat Show, according to Larry Kline, spokesman for the sponsoring Trident's Car Club of Maywood. He said, "more than 100 customized entries worth over $1 million will make this the biggest hot rod show ever to be held south of Los Angeles."

Featured will be Roth's Outlaw, three international champions, seven national champions, three world record holding dragsters and an Indy 500 racer.

Stage entertainment will include Bobby Vernon, Hollywood's newest folk song sensation. Kline said the show emphasizes safe driving. It is designed for attendance by family groups. It is educational, entertaining and has something of interest for every member of the family. He added that continuous four hour racing movie showings make the forthcoming hot rod spectacular a big recreation package.

BILLIARD CUE-TEE — Carol Whilldin, warming up on a helpless highball, recently won the first place trophy in the Cue-Tee Billiard Tournament sponsored by the College Billiard Room on El Cajon blvd. Miss Whilldin, a sophomore at the University of Hawaii majoring in sociology, defeated eight other women from the Cue-Tees billiard team who played for eight weeks to determine the champion player. Her direct opponents were two house wives, four college co-eds and two school teachers. Miss Whilldin, 18, is the daughter of Mr. and Mrs. Harold Whilldin, 875 Austin rd., Spring Valley. She became interested in billiards five months ago when she started playing with her father.

Scouts Camp at Yosemite; Hike, Climb Half-Dome

Lemon Grove Boy Scout Troop 309 returned home last Saturday after a seven day summer camp at Yosemite.

Scoutmaster Lee Nottingham and Assistant Scoutmasters Jim Folk and Ernie Denlinger report that all boys attending made advancement in at least one phase of Scouting.

The following Scouts earned their Camping Merit Badge: Mike Hall, Steve Hall, Mike Collette, Tom Downer, Tom Marshall, Cecil Troxel, David Belen, Richard Belden, Hank Nottingham, Don Nottingham, Don Geisbuhler, Jim Folk, Carl Denlinger and Bruce Keyes.

The following advanced to Second Class rank: Richard Hicks. Steve Vance, Mike Ela, Richard Thompson, Jon McClure, Steve Evenoff.

Randy Fenwick, Kent Morgan and Kurt Morgan passed all phases toward First Class except signaling. Douglas Schuster made progress toward Second Class.

The Troop arrived at Yosemite Saturday morning, August 3, and assembled at Camp 9 for breakfast, after which all food and equipment was back-packed to base camp five miles from Yosemite Valley and one mile beyond Nevada Falls.

Sunday was spent in camp layout and construction of camp tables. Facilities for food storage and camp sanitation were constructed and sleeping areas were layed-out.

Monday, the Troop hiked to Half-Dome, a rocky peak rising 8,852 feet above sea level and 4,850 feet above Yosemite Valley. Safety ropes were used in the the final phase of climbing the peak.

Senior Scouts hiked with full packs to Merced Lake Wednesday and stayed until Friday, arriving back in base camp in the early afternoon. Scouts making the hike were Jim Folk, Pat Ela, Don Nottingham, Carl Denlinger, Bruce Keyes, Richard Belden and Don Geisbuhler. Don Nottingham, Junior Assistant Scoutmaster, acted as leader on this trip.

The entire trip proved to be a Scouting success in all respects, Nottingham said. The troop learned that it is possible to live comfortably under primitive conditions and that it is possible to eat well out of a pack by using dryed and dehydrated food stuffs.

Paintings on Display

Oil paintings of Lemon Grove scenes are on display in the Chamber of Commerce window, 3448 Main st.

The scenes, which include many local landmarks including the old Sonka store, were painted by Hettie Mae Hall who lives at 3595 Grove st., Lemon Grove.

The small community Lemon in the Chamber of Commerce window has been refurbished strictly through the efforts of two Lemon Grove residents.

Mrs. Hall repainted the Lemon a bright yellow. The picket fence surrounding it was painted by Mrs. Grace Burchett.

Dove Hunters Will Have Better Accommodations

IMPERIAL, CALIF. (SPCL) —Local dove hunters who converge on Imperial's dovelands will get a break this year in better accommodations.

Seldom has there been anyone who failed to get his limit as the season open on Labor Day, but many have found it impossible to buy, borrow, beg or steal a sleeping bag or a motel room.

"No Vacancy" signs have become standard equipment for this particular time of the season.

This year, 1963, that problem has been solved by the Brawley Lions Club and the Brawley Chamber of Commerce. The two livewire organizations have acquired the use of two farm labor camps, installed several hundred army cots, mattresses with covers, air conditioning, kitchen equipment and morning chow for hungry, eager hunters.

A ranch breakfast will be served beginning at 3 a.m. and will consist of hot cakes, eggs, sausage, hot biscuits, juice and coffee.

Cost for the two-day Labor Day opening of dove season, including two breakfasts and lodging for two nights, is $10 per hunter. Accommodations will be Army style—no wives or civilian WACS. Hunters will furnish their own sheets and pillows.

Reservations must be made and paid in advance. Write to the Brawley Chamber of Commerce, Convention and Tourist Bureau, P.O. Box 218, Brawley, California, or call 344-3160. No collect calls, please.

VARIANCE OK'D FOR COSTA BELLA BUILDER

SAN DIEGO (CNS) — Victor A. Weaver was granted permission Friday by the County Planning Commission to build a house closer than the standard distance from the centerline of the street at 3824 Costa Bella, Lemon Grove.

Though 'No Emergency Exists'

Committee Will Deal With Racial Problems

A report on "the first interracial committee organized by individual cities" was handed to the Lemon Grove Chamber of Commerce this week by John Dail.

A local insuranceman, Dail is Chamber Committee Chairman to the San Diego Mayor's Citizens Interracial Committee. The organization meeting was held Wednesday.

In the lengthy report Dail said that his brother, San Diego Mayor Charles Dail, claimed that no racial emergency existed in San Diego, but machinery should be set up to cope with any racial problem that might arise. That full co-operation would be given the citizens committee, he said.

City Manager Tom Fletcher said the city would supply clerical help, research facilities and personnel as required.

Action Concept

The Council of Churches asked members "not just to talk on the principle that all men are created equal, but to act in that concept."

Dr. William Rust, president of Cal-Western University, earlier named chairman of Citizens Interracial Committee, told the group of more than 600 leaders who met in the Conference building in Balboa Park that "segregation has died a horrible death, but the terrible wrangling over the corpse is what is leading to bloodshed and chaos."

John Dail told L.G. Chamber of Commerce President Sam Pernicano that Dr. Rust had assigned him to the CIC subcommittee on Health, Welfare and Recreation.

Screen Complaints

The report added that all complaints on interracial problems would be screened through CIC in the future. Following a study of the complaint a recommendation would then be made to the organization involved in the complaint.

It was not indicated that any back-up force-of-law could be drawn upon for CIC's decisions.

Gop's Organizing In S.V. Precincts

Republicans who live in Spring Valley precincts 1-36 are invited to spend one to two hours a month helping to organize for the 1964 elections, according to Mrs. Barbara Myers, precinct chairman.

No experience is necessary for a majority of the people needed. Interest and willingness to participate actively in the upcoming campaign is vital, Mrs. Myers said.

Republicans who want to help should call Mrs. Myers at 466-2230.

Middleweight Baby Born

A son was born to Mr. and Mrs. Barry Lewis of 2217 Alton dr., Lemon Grove June 30 at Grossmont hospital.

Christopher Barry Lewis weighed in at the hospital at 7 pounds 6 ounces--a middleweight.

Maternal grandparents are Mr. and Mrs. B. Killman of 4568 Maple ave., La Mesa. Mr. and Mrs. Ray Christopher Dabler of 8541 Gateside, La Mesa are the baby's great grandparents, and the baby was named for his great grandfather.

SAFETY FOR HANDICAPPED — Mrs. Dorothy Christy, 8526 Troy st. has been chosen the only swimming instructor in the county to be given a special course in handicapped child training. Mrs. Christy, left, an instructor at Carman Ranch Club, has been instructing five years. Her work with handicapped youngsters led the Helix Branch of the American Red Cross to select her to attend the ARC aquatic school at Camp Tulequoia in the Sequoias. The school is designed for teaching instructors in the art of training handicapped persons. Mrs. Christy is shown with one of her local students, Georgie Holland, 15, son of Dr. and Mrs. Holland of 8195 Lincoln st., L.G. Georgie, a cerebral palsy victim, is now a capable swimmer although his doctors said he would never be able to swim when he started training seven years ago. "Mrs. Christy's success with Georgie," said Orin Myers, San Diego County Red Cross Director of Water Safety, "explains better than anything what the Camp Tulequoia program is about."

Tools Taken

Raymond L. Wells of 1673 Larwood, Lemon Grove, told Sheriff's deputies last Thursday that his tool box, containing $160 in miscellaneous tools, was taken from his garage or truck.

Man Has Stroke; Wife Makes Plea

Mrs. Carl Cook of 7945 Pala st., San Diego 14, is experiencing difficulties.

Her husband, a plumber in the Lemon Grove area for the last 20 years, suffered permanent brain damage August 2 and remained in a coma 132 hours at the Veterans hospital in Long Beach. He will remain paralyzed in the hospital the rest of his life, Mrs. Cook said.

Before his stroke, Cook pulled his 1949, light blue panel truck away from his residence and is believed to have left it with a friend in the Lemon Grove-Spring Valley area. Mrs. Cook wants to find the truck, which she hopes will help her in her financial problems, she said. She and her three children had been living solely on social security.

The Chevrolet 3/4 ton truck has aluminum windows in the sides and has a vent on top. Anyone knowing the whereabouts of the truck is requested to contact Mrs. Cook at 466-2786.

4-H Leadership Conference Set

The statewide 4-H Leadership Conference, the biggest state event on the 4-H calendar, will attract some 1400 boys and girls to the Davis campus of the University of California August 26-30.

Cheri Moore of Spring Valley, Steven De Frate and Mr. Forrest De Frate of Jamul will be among 41 4-H'ers from San Diego County who will attend the conference, according to Herbert W. Weisheit, farm advisor.

A staff of more than 100 persons from the University is preparing for the leadership event. The conference has as its theme, "Leadership Exploration by 4-H Citizens in Action," and is designed to help the 4-H Club member develop his leadership capabilities.
